Sumax Engineering Limited

**Makes its presence at Automechanika Frankfurt 2026
as Exclusive Distributor of INDASA in India**

Secunderabad, India – 10th September 2026: Sumax Engineering Limited, an integrated manufacturer and supplier of automotive consumables, made its presence in **Automechanika Frankfurt 2026**, one of the world's leading trade exhibitions for the automotive aftermarket and service industry, as Exclusive Distributor of INDASA, Portugal in India.

The Company was represented by **Mr. Sudeep Mehta, Chairman and Managing Director**, who engaged with global industry participants, business partners and product specialists during the exhibition. His participation provided an opportunity to gain insights into emerging technologies, advanced products and evolving trends within the global automotive refinish and aftermarket ecosystem.

Sumax has been associated with **INDASA**, a globally recognised manufacturer of innovative abrasive systems and surface-preparation solutions, as its exclusive Indian distributor since 2006. This long-standing relationship has enabled the Company to offer professional-grade surface-preparation and refinishing solutions to customers across the Indian automotive industry.

At Automechanika Frankfurt 2026, Sumax explored new developments across abrasives, surface preparation, paint rectification and polishing solutions. The interactions also supported the Company's efforts to deepen its technical knowledge, strengthen international partnerships and identify products and practices relevant to the evolving requirements of Indian customers.

Commenting on the participation, Mr. Sudeep Mehta, Chairman and Managing Director of Sumax Engineering Limited, said:

"Automechanika Frankfurt brings together some of the most experienced companies and professionals from across the global automotive industry. Our participation provided valuable exposure to emerging technologies, product innovations and changing customer requirements. Our association with INDASA has grown steadily over the past two decades, and we look forward to further strengthening this relationship while bringing advanced and reliable solutions to the Indian automotive market."

About Sumax Engineering Limited

Sumax Engineering Limited is engaged in the manufacturing, trading and distribution of automotive consumables and related solutions for automotive OEMs and the auto-refinish and aftermarket segments. The Company operates manufacturing facilities in Chennai and Manesar and offers a diversified range of products designed to support various automotive manufacturing, repair and refinishing applications.

With more than three decades of industry experience, the Company continues to focus on product quality, technical capabilities, customer relationships and the expansion of its product portfolio.
